Cadet School Capacity To Be Doubled

SAN MATEO—Expansion of the United States Merchant Marine Cadet Basic School at San Mateo Point to nearly twice its present size has been revealed by Lt. Comdr. Ralph M. Sheaf, commanding officer of the school.

The new facilities, including two new barracks, will make room for approximately 250 more cadets and eight additional instructors. Four of the new instructors will be engine specialists and four will be for deck training.

An annex to the present administration building and additional hospital facilities will be built. Plans for the project are now being drawn up and bids will be called for construction at an early date, Sheaf said. It is estimated that the expansion program will entail an expenditure of nearly a quarter million dollars.

As there are now 350 cadets at the school, the total will be expanded to 600 when the facilities are ready.

Reports from high ranking officers of the merchant marine indicate that graduates of the San Mateo Point school are making outstanding records for skill and brilliance in their work at sea.

Gasoline and tire rationing and observance of war time have adversely affected attendance at many drive-in motion picture theatres, says the Department of Commerce.

Bullock Denies Tampering Charge

Joseph J. Bullock of Redwood City, attorney for Florencio (Frank) Alcalde, South San Francisco shipyard worker charged with the murder of Bernice Curtis near Palo Alto, has denied published charges that prosecution witnesses had been tampered with.

"We don't have to do anything like that to clear Alcalde," Bullock declared.

Members of the San Jose sheriff's office were credited Sunday with an investigation of the alleged tampering. Officers declined to give full details other than to say they were investigating reports that witnesses had been approached and offered money to change their stories about Alcalde's activities the night before the girl's body was found, dumped over a fence near Stanford University.

Hillsborough May Aid Housing

HILLSBOROUGH — Exclusive Hillsborough, which has never permitted other than single family dwelling units, will assist in relieving the critical war housing shortage on the Peninsula if the ordinance introduced at this week's city council meeting is passed at the council's next session.

Under the ordinance, designed to give the city council better control over the current housing situation, occupancy of homes by more than one family will be permitted.

This implies that homes will be altered in different ways to accommodate two or more families, City Mgr. Earl P. Wilsey stated.

S.C. Commander Learns Of Honors from Other Men

Comdr. Arnold Ellsworth True of San Carlos was named for both the Distinguished Service Medal and the Navy Cross for his part in the Coral Sea and Midway battles, and didn't know about the double honors until he received congratulations from men on other ships, according to a recent letter to his wife, Mrs. Corrinne True of Sunset Dr., San Carlos.

Since the writing of the letter, Commander True has received the medals from Adm. Thomas F. Halsey, acting on direct orders from President Roosevelt, Mrs. True has learned indirectly. The President's order for the honors cited True's "heroic conduct and especially meritorious service in duty" and "extraordinary heroism." It is believed to have been the first double presentation of the war.

The naval officer was home last in August, while recovering from injuries received when his ship, the destroyer Hamman, was torpedoed during the Midway engagements.

The Hamman was engaged in attempts to salvage the Yorktown when it was torpedoed, Mrs. True said. The destroyer sank in 2½ minutes, with a loss of 80 lives. Although injured, Commander True managed to keep the heads of two sailors above water for three hours while awaiting rescue. By the time help came, one had died; the second died shortly after rescue.

In the Coral Sea fighting, San Carlos home are Mrs. True and the couple's two-year-old son, Christopher. Before coming to San Carlos a few months ago, the family had lived in Florida.

True and his crew were engaged in rescue of the Lexington survivors.

The naval officer is still "somewhere in the Pacific" with the fleet. Awaiting him at their

Wins High S. P. Post

San Carlos Youth Found in Fresno

Ten-year-old William Shoemaker, 760 Walnut St., San Carlos, was intercepted by Fresno police at 2 a.m. Tuesday after he "took a walk" from his San Carlos schoolroom yesterday morning. San Carlos police said the boy was sent on an errand by his teacher at 10 a.m. yesterday and failed to return.

Police broadcast an all points bulletin describing the boy.

Mr. and Mrs. Ivan Shoemaker left San Carlos early today for Fresno to bring the boy home.

Schenck Sentenced On Burglary Counts

Herbert Schenck, 42, San Quentin parolee, was due to return to the state penitentiary following his sentence on three counts of burglary. Schenck's motion for probation was denied in superior court by Judge A. R. Cotton.

The judge sentenced Schenck on each of the three counts but ruled that the terms should be served concurrently.

Schenck admitted burglarizing the Waldorf Cafe, San Mateo, Sept. 16, and Sullivan's Place, also in San Mateo, Sept. 14 and 26.

Authorities Confiscate Slot Machines

At request of the U. S. Army, Sheriff James J. McGrath late Tuesday staged a slot machine raid in the Half Moon Bay area. The sheriff reported five machines were confiscated and that the owners of the establishments where they were found would be prosecuted.

The sheriff said that a Lieutenant McBride, commanding a contingent of troops in the Coastside area, notifed him Tuesday afternoon that there were slot machines in the Half Moon Bay area and that if civilian authorities did not remove them, the army would.

Dep. Sheriffs Fred A. Simmons, Louis Lodi, Milton Minehan and John O'Brien were dispatched to the Coastside at 5 p.m., McGrath said. They raided a score of taverns but found machines in only the following places, all in the Half Moon Bay area:

Pete's Place, one 5-cent slot machine.

Moon Dream Cafe, one 10-cent slot machine.

Gino's Place, one combination 5-cent and 10-cent machine.

Travatano's Restaurant, one race horse slot machine.

Q & R Shack, one 5-cent and 25-cent combination machine.

The sheriff said he believed the machines had been in operation for one or two days.

NAVY ANNOUNCEMENT

Navy recruiting office at Redwood City announced today that it must complete enlistments of all applicants in the 18-38 age bracket before Dec. 15. All who applied on or before Dec. 5 in this age group are in that category, it was explained. Enlistments will be accepted at any time from men 17 years of age or in the 38-50 year bracket.

Reduce fat by two tablespoonfuls when using a half cup of nutmeats in a cake, cooky or pudding recipe.

Copper for 4187 rounds of .50 caliber cartridges is contained in the typical household bronze door hinge, check and door stop.

Turkey has what amounts to a world monopoly in one rare mineral, meerschaum, used for making pipes and cigarette holders.

The total area of Canada is about three per cent larger than that of the United States, including Alaska.

Johns-Manville Journal

84 YEARS OF SERVICE TO HOMES AND INDUSTRY

High Over The Kansas Prairie!

Johns-Manville workers everywhere can be proud of the Army-Navy "E" (for Excellence) flag and "E" buttons which have been awarded to men and women of the Kansas Ordnance Plant.

This bomb and shell loading plant was built and is operated by The J-M Service Corporation, a Johns-Manville subsidiary.

Here's an example of the fast thinking and fast footwork which American management and American workers can produce when their government says "Go to it!"

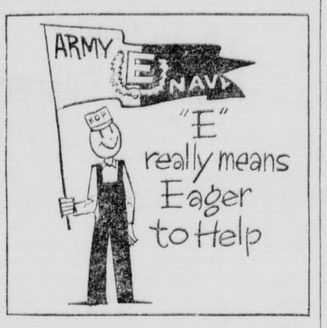
Only months ago, the site of the Kansas Ordnance Plant was farmland.

Then Uncle Sam said to J-M, "Will you people help by building and running a shell loading plant in Kansas, in the middle of the country?"

Making bombs and shells was a "new line" for J-M to work on.

But J-M is accustomed to new deas. Even in normal times, hundreds of J-M research people work constantly to create new products for J-M to make and sell.

In all J-M plants, here and elsewhere, J-M workers are devoting a major share of their effort to products for War use.

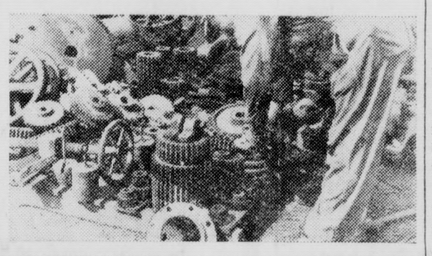


These workers may not always realize how directly they are contributing to the war effort—but they are helping just the same.

A worker making insulation for a battleship is just as important as a worker stuffing a shell.

But all J-M workers are proud of the outfit which got that "E" so quick, there in that Kansas prairie.

J-M FAMILY ALBUM



IN HIGH GEAR! And still going strong is the J-M Victory Salvage Drive at Waukegan plant where vigilant Johns-Manville officials and employees have searched out and assembled huge pile of scrap gears shown in the picture. Sharp teeth in those gears—for the bite of war!

Setting the Pace

J-M's Richmond (Ind) plant continues to hold the banner for avoiding 'lost-time' due to accidents. Seventeen full months to date without a blemish is the Richmond record.

Among smaller plants in the J-M organization the lowest accident frequency is credited to Redwood City (Calif.)

On the J-M Production front, the slogan is:

"The right way is the *safe* way!"

1,969 J-M Workers In War Aid Pledge

War workers in the Johns-Manville plant at Waukegan signed an 8-point pledge of continued all-out support of the nation's war effort on the industrial front and sent the bulky document containing 1,969 signatures to Washington.

Addressed to the President, it will be preserved in government archives as a convincing testimonial of the loyal determination of J-M men and women to "stay on the job" as "soldiers of production."

Carried to Washington by a delegation representing the Labor-Management Committee at Waukegan, the pledge was turned over to Admiral Emory S. Land in a brief ceremony in offices of the Maritime Commission.

Wording of the pledge included seven points embracing every phase of loyalty and efficiency in production and in conclusion this emphatic promise:

"All to the end that we may succeed in our efforts to increase production and attain the goal set as necessary to carry us to the final decisive victory over our treacherous enemies who are now threatening the homes of our children and the liberty of our nation."

MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK—A number of public-spirited citizens of Menlo Park are preparing a program to celebrate the completion of the highway through the city. The street will be finished in about a month, good weather permitting.

The unusually large crop of toyon and contoneaster berries await the coming of the robin and wild pigeons. Never in the history of the Peninsula has there been such a mammoth yield of this fruit.

While the municipal election does not take place until next April, much interest is being manifested in two prospective candidates for trustees. Their names will be announced shortly. The city clerk and treasurer will be unopposed.

James Goodwin is here from Pittsburgh, Pa., to establish a furniture store somewhere in the Maloney block. Mr. Goodwin's daughter is attending Stanford and will receive her M. A. degree next semester. She is a charming and very pretty young lady.

Local hunters report good shooting on the nearby marshes. James Tulley secured the limit in mallard and teal last Sunday. He says the bay literally is covered with ducks.

Mr. and Mrs. John J. Cully of New York have bought a home in Stanford Park. Mr. Cully is a retired attorney. At one time he was assistant attorney of New York City.

S.F. To Hold Municipal Concerts

With the San Francisco Symphony Orchestra, Pierre Monteux, conductor, as basic structure, the arts of music, dance and decor will be in evidence at the municipal concerts presented by the Art Commission of San Francisco on its 1943 season.

Heralded as a five star season are four concerts with famous guest soloists to be given in the city's civic auditorium and eight performances by the Ballet Theater in Memorial Opera House.

Opening attraction on the series will be the appearance of Leopold Stokowski as guest conductor of the symphony in a performance of the Shostakovich Seventh Symphony. It is dated for Jan. 8.

The Ballet Theater follows the Stokowski concert Jan. 26 to 31. This new and attention-arresting company has never been seen on the Pacific Coast. It appears with the full San Francisco Symphony in accompaniment conducted by Efrem Kurtz and Antol Dorati with Igor Stravinsky as guest.

The galaxy of dance stars in the company of 125 is headed by Leonide Massine, Alicia Markova and Irina Baronova, already in high favor in San Francisco, with Anton Dolin, Karen Conrad, Lucia Chase, Annabelle Lyon and Nora Kaye to be seen for the first time.

Thirteen of the ballets to be given here never have been offered on the Pacific Coast. Six are new versions of familiar favorites. All are staged in new and spectacular settings and costumes. Attracting particular attention on the repertoire are the sensational "Bluebeard," "Pillar of Fire," "Russian Soldier," "Princess Aurora," "Lilac Garden," "Aleko" and "Helen of Troy."

Marian Anderson, Negro contralto considered the greatest concert singer of today; Jan Peerce, tenor sensation of the recent San Francisco Opera Company season, and Rise Stevens, American star of opera and screen, will be guest soloists at the remaining civic auditorium concerts with Pierre Monteux conducting.

Tickets are available at Sherman, Clay & Co., box office, San Francisco.

Presented as a pre-season Christmas offering, "The Messiah" will be given in civic auditorium Saturday night, Dec. 1. The great Handel oratorio will be sung by the Municipal Chorus with the San Francisco Symphony Orchestra conducted by Director Hans Leschke. No admission will be charged.

Capella Estate Goes to Relatives

John Capella, 82, whose vineyards once covered much of the Canada area now part of the Spring Valley watershed, and who lived in Redwood City for many years, left his estate equally to seven nieces and nephews, according to a will on file today in superior court at Redwood City. Capella died suddenly in Petaluma Nov. 29, according to Atty. Archer Kincaid, who filed the will for probate.

The will, written Mar. 14, 1935, made specific bequests totaling $1600, leaving the balance to Alfred, Frank, Walter and Harry Corda of Novato; Henry C. Corda of Petaluma; Emma M. Leveroni of San Rafael; Tillie G. Della Bruna of Novato. The estaate is valued in excess of $10,000, according to the court petition.

REDWOOD CITY

Fire Razes Sharp Park Garage

SHARP PARK — A garage owned by Dick Plate burned to the ground in two hours Monday as firemen stood by, armed only with two or three garden hoses and a few fire extinguishers. One man was injured. Plate estimated his loss at $4000.

The hazard was increased by 2000 gallons of gasoline stored underground in a service station next to the garage. Service station buildings were blistered, Plate reported.

Harry Sampson, Sharp Park, foreman of the garage, was burned badly on the left hand, Plate said, when he shoved an automobile to the street.

Plate said the Sharp Park Volunteer Fire Department arrived at the scene shortly after 8:45 p.m. when the blaze was discovered, but was unable to pump water from its tanks because a pressure pump failed. The big truck stood helplessly by while flames consumed the building.

Mrs. Plate called the county fire department at Redwood City, but no help arrived, Plate said. Dep. Fire Warden Ernest Warder explained that county trucks had reached San Carlos when a radio call ordered them back to the station. A fire lookout near Sharp Park had informed the Redwood City station that the structure was already lost.

Plate explained that Sampson was working on a car in the combined grease rack and repair shop operated in conjunction with the service station. The mechanic drained the gasoline tank, turned the engine over and it backfired, igniting the drained fuel. The blaze spread rapidly. Plate said only an unusual east wind saved nearby buildings.

Army men from nearby Coastside stations aided in fighting the fire. Plate said the garden hoses and extinguishers were used to prevent spread of the blaze to the service station with its 2000 gallons of gasoline. The fire was extinguished finally at 11 p.m.

Plate said a portion of the loss was covered by insurance.

Read Major Hoople Daily in the Tribune

The oldest Greek letter fraternity in American colleges is Phi Beta Kappa, which was organized in 1775 at William and Mary College, Williamsburg, Va.

Robert Fulton constructed a steamboat in France in 1803, four years before he launched his historic "Clermont" on the Hudson River.

Citizenship Group Endorses 5 Essentials

The Peninsula Council on World Citizenship, at a recent meeting at the home of Mr. and Mrs. Max J. Leonard, endorsed as sound the five essentials for a post-war international organization as outlined by the Commission to Study the Organization of Peace, and noted that all five of these points were discussed by Ely Culbertson when he presented his "Blueprint for World Peace" in his recent address given at Stanford University on World Federation.

The group agreed that the statement made by the World Alliance for International Friendship through the Churches that to win and develop a just peace requires political machinery to convert the ideas and wills of men into social reality, and they were unanimous in adopting the proposal of Dr. T. V. Soong, China's minister of foreign affairs, to establish an executive council of the United Nations.

Next meeting of the group will be held at the home of Miss Marion Hosmer, 1 Duane, Redwood City, Friday, Jan. 8, at 8 p.m. Main subject to be studied and discussed, according to Mrs. Leonard, secretary, will be an article by Col. Thomas M. Tchou, founder and director of the World Citizenship movement, entitled "Citizens of the World," which appeared in the October issue of Parent-Teacher Magazine. Anyone interested in attending the meeting may contact Mrs. Leonard at Redwood City 452-W.

Draft: Youngsters To Sign Up

K. H. Leitch, state director of selective service, today emphasized that registration of 18-year-olds will start Friday and end Dec. 31. Registration will be conducted each day during that period with the exception of Christmas day.

Three registration periods have been set up within the time Dec. 11 and 31 and persons required to register will do so in one of the periods, depending upon the date of their birth.

Those who were born on or after July 1, 1924, but not after Aug. 31, 1924, shall be registered on any day during the week commencing Friday, Dec. 11, and ending Thursday, Dec. 17.

Those who were born on or after Sept. 1, 1924, but not after Oct. 31, 1924, shall be registered on any day during the period commencing Friday, Dec. 18, and ending Thursday, Dec. 24.

Those who were born on or after Nov. 1, 1924, but not after Dec. 31, 1924, shall be registered on any day during the period commencing Saturday, Dec. 26, and ending Thursday, Dec. 31.

During the continuance of the present war, those who were born on or after Jan. 1, 1925, shall be registered on the day they attain the 18th anniversary of the day of their birth; provided, that if such anniversary falls on a Sunday or a legal holiday, their registration shall take place on the day following that is not a Sunday or a legal holiday.

Youths may register at the selective service headquarters, 525 Marshall St., Redwood City; city hall, San Carlos, and city hall, Belmont.

Traffic Group Votes Change

Redwood City Citizens' Traffic Study Committee has voted to move the pedestrian crossing on Brewster Ave. at the Broadway intersection (from Sequoia High School to the First Methodist Church) to coincide with the arterial stop sign.

A proposal to put up a stop sign on Chestnut St. at the intersection of Main St. was voted down

Requests were made for a study of the problem created by crowds at the South County War Rationing Board on El Camino between Brewster Ave. and Broadway. The planning commission requested traffic be channeled at the Arch St.-Broadway-Brewster Ave. circle. The traffic committee will conduct a study, according to Ferris W. Miles, chairman.

Miles reported no complaints have been received by the committee about parallel parking on Broadway. He also said that henceforth the committe would be guided by gas rationing when proposals are made to install or remove stop signs. He said the committee did not want to do anything that would cause motorists to use more gas than necessary.

Square Dance Controversy Confronts City

BY BUD SPRUNGER

Square dancing became a burning issue at a meeting of the Redwood City City Council this week in the city hall.

While council dodged and squirmed between two strong delegations, both composed of highly respectable citizens, square dancing was argued pro and con with both sides laying down barrages of vitriolic language.

The question was finally dropped into the unwilling lap of City Atty. Paul A. McCarthy who in effect, ruled against any grand promenading left or right in the Class A residential districts.

S. E. Mullin, 548 Whipple St., sparked the first forensic explosion when he objected to a folk dancing class conducted by Mrs. Mildred Buhler in the Lincoln School Auditorium. He said he did not object to dancing, even folk dancing, but he thought it should be conducted in public dance halls, not public schools.

HEALTH IMPAIRED

George Gregory, 510 Whipple St., took the floor immediately following this declaration to state that the auditorium where the dancing was conducted fronted very near his sleeping porch and kept him awake, impairing his health.

H. M. Scales, dancing club president, opened the counter-attack for the dancing enthusiasts. He claimed the club was purely a recreational activity, not a public dance and that, in order to comply with Gregory's demands for quiet, club members had carefully closed all auditorium doors and windows and stopped their dancing promptly at 11:30 p.m.

Dr. Rollo LaBerge, another dancing club member, followed this with a pot shot at Gregory's character, claiming the quiet seeker was merely a trouble maker. He also claimed that the state school code designated all schools as civic centers, and therefore, school boards could grant dancing permits with no interference from city councils.

MULLIN REITERATES

Mullin returned to the battle by stating that club members had sneered at Gregory for his efforts to curtail their dancing and again reiterated his claim that the club should be forced to hire a public hall.

After Gregory claimed that the dancers used all the auto parking space in front of his house, Mrs. Buhler took the floor and claimed that tests had shown it was impossible to tell from the outside of the building whether anything was going on inside it during a dance. She continued by stating that 150 "good" people belong to the club, that there had never been any liquor drinking and that there never would be any.

The question then turned, under council guidance, to a discussion of whether it was a public dance or a private one. McCarthy ruled it was public in that it was held in a public place.

RECREATION CLAIM

Mrs. Buhler claimed she was "fighting for the youngsters of Redwood City," providing them with "decent and supervised recreation."

At this point Councilman Harold Anderson moved for a continuance until the next meeting. This motion was lost for lack of a second—no one was paying any attention.

Lt. (jg.) Kenneth L. Bowen, former Tribune editor and now a naval officer, then claimed that Gregory must be looking for trouble because he could always sleep from midnight on. "If he is a sick man," Bowen continued, "why is he standing in front of his home worrying because parked cars prevent guests from calling on him at that late hour.

Anderson moved for continuance, Councilman Louis W. Jenkins Jr. seconded as (play by play):

Gregory said the club couldn't dance during the continuance.

BACK AND FORTH

McCarthy backed Gregory.

Councilman Evans A. Fletcher asked if the group could use the high school building.

Mrs. Buhler said no.

Jenkins asked Gregory if he objected to afternoon classes.

Gregory said no.

Mayor Floyd D. Granger called the question.

Council voted against continuance, 4 to 3.

Mayor claimed a revamping of the ordinance would be necessary before council could grant permit for dance in Class A district.

Scales presented application for dance permit.

Anderson and Jenkins moved approval.

McCarthy (on question by Councilman George W. McNulty) said it was illegal to grant permit in Class A area.

Council voted against granting permit.

Curtain.

Carol Program To Be Given

A community Christmas carol program will be presented at 7:30 o'clock Sunday evening in the First Congregational Church by the combined choirs of the First Methodist and Congregational Churches.

Co-directors of the program, which will feature a solo by Eugene Fulton of Bel Canto Chorus, will be George Prall and Karl Ernst. More than 40 voices will participate.

Program for the evening will be announced later this week.

Good Future for

WOMEN BUS DRIVERS

Women between 21 and 35, at least 5 ft. 4 in. tall are now offered training with pay to drive local buses in S.F. Bay area with these advantages:

★ Complete equality with men drivers in pay and seniority rights.
★ Medical care.
★ Hospital service.
★ Group health and life insurance.
★ Pension and retirement benefits.

Apply in person at address below; or write, furnishing photograph if possible, giving age, height, weight and driving experience.

PACIFIC GREYHOUND LINES

MONTGOMERY WARD'S

SECOND STATEMENT

TO NATIONAL WAR LABOR BOARD

The following statement was submitted to the National War Labor Board at its meeting in Washington, Dec. 8, 1942

The War Labor Board on November 5, 1942, issued an order that Ward's "Incorporate" in a contract with a C.I.O. union at Chicago:

1. A clause establishing a form of the closed shop, called "maintenance of membership," together with a check-off of union dues from wages.

2. A clause providing for compulsory arbitration on any questions the union wishes to raise.

3. A clause guaranteeing in these uncertain times present wage and working conditions for a year.

Ward's rejected this order of the board for these reasons:

1. The board was without authority. Congress, the only law-making authority under the constitution, has not empowered the board to order any employer to do any of the things which the board demanded of Ward's.

2. The order violated the fundamental principles of liberty. Liberty requires that an employee be free to join or to resign from a union without jeopardizing his livelihood. Liberty requires that an employer be free to employ the person best suited for the work.

3. The order was in itself illegal. The order required Ward's, first, to interfere with the free choice of its employees to resign from the union; second, to give support to the union by a check-off of union dues; and third, to discriminate against employees if they resigned their membership in the union, all in direct violation of the National Labor Relations Act.

4. Ward's operates in a highly competitive field composed of one million seven hundred fifty thousand retail establishments. It is unfair to impose burdens upon Ward's and not upon those with whom it is in competition.

The imposition of the closed shop against Ward's cannot be justified by reference to the so-called no strike agreement. Ward's was not a party to this agreement. Ward's had no voice in the selection of those who, as representatives of industry, attended the conference in December, 1941, which formulated this agreement. Ward's has never ratified the results of that conference. Furthermore, the conference itself did not agree that the War Labor Board might impose the closed shop principle. Those acting as representatives of industry expressly recommended to the president that this issue not be considered by the board. The board, in ordering a form of closed shop at Ward's, has acted contrary to these expressed recommendations of the industry representatives.

If Ward's had had the right to test the legality of the board's demands in a court, Ward's would have done so, but Ward's was deprived of a remedy in the courts by the board's complete lack of legal authority to compel obedience of its order. The court will only act when legal rights have been violated. The courts have declared that the mere making of demands which do not have to be obeyed does not in the eyes of the law, violate any legal right. The board's very lack of authority thus resulted in a denial to Ward's, as it has to other employers, of a right to relief in the courts.

The President of the United States as well as the board is wholly without constitutional authority to order any employer to do the things demanded of Ward's. Nevertheless, in deep respect for the president and his great responsibility in time of war, Ward's said, in rejecting the board's order:

"If congress imposes closed shops, compulsory arbitration or contracts for a year's duration on employers, or if the President of the United States, as commander-in-chief in time of war directs that Ward's accept the board's ruling, which we earnestly believe is illegal and uneconomic, we will respectfully obey."

The president on November 18 wrote the company, saying:

"As commander-in-chief in time of war . . . I . . . direct Montgomery Ward and Company to comply, without further delay, with the National War Labor Board's directive order of November 5, 1942."

Ward's immediately answered:

"Your order of November 18th has been received and will be promptly obeyed."

Ward's thereupon altered the general form of its contracts with unions and incorporated, word for word, the clauses ordered by the War Labor Board. This document was offered to the union. The company has fully complied with the president's direction and will continue to do so.

The document which the president has directed Ward's to sign is not a contract. The requisite of a contract is that there be a meeting of the minds or agreement between the parties. There has been no agreement between Ward's and the union. The document which the president has ordered Ward's to sign affects the rights and liberties of Ward's and of its employees. Therefore, in order that the document itself may be clear and state the facts, Ward's informatively included these three sentences:

"The following provisions are not voluntarily agreed to by the company. In the company's opinion they are illegal and unsound. These provisions are copied verbatim from the War Labor Board's order of November 5, 1942, and are incorporated herein, on the company's part, under duress and only because the President of the United States as commander-in-chief in time of war has expressly ordered that they be included."

These three sentences are in all respects true. They do not alter the effect of the provisions ordered by the board—provisions which Ward's will carry out. Nevertheless, the union has refused to sign the offered document.

Ward's will be happy to accept any improvement in the wording of this statement, but Ward's will resist any attempt to hide the truth by a change in its substance.

On January 9, 1941, the president said:
"In the future days which we seek to make secure, we look forward to a world founded upon four essential human freedoms. The first is freedom of speech and expression—everywhere in the world."

Ward's feels that it is bound by the rules of good citizenship to make sure that the single truth about these provisions and Ward's acceptance of them be not hidden from or misrepresented to its hundred thousand employees, its sixty thousand shareholders, and its many millions of customers. The elimination of this statement would serve no purpose but to conceal the truth from readers of the document.

Ward's has cheerfully met with the union and with this board whenever requested. Ward's has promptly obeyed the direction of the president. Ward's insists that its right to tell the truth not be destroyed.

MONTGOMERY WARD AND COMPANY
SEWELL AVERY,
President.

Menlo Park Woman Wins Settlement

SAN FRANCISCO—Mrs. Marie R. Laudenbach, Menlo Park defense worker, today had a $14,000 nest-egg with which to establish a home for herself and two daughters. Widowed by an accident at Treasure Island Dec. 18, Mrs Laudenbach sued Pan-American Airways, Pacific Gas and Electric Co., the City and County of San Francisco and the San Francisco Bay Exposition for $75,000 on behalf of herself and her two daughters, Donna May, 8, and Joyce, 4.

She alleged that her husband, Harry Laudenbach, 41, was electrocuted while digging a post hole when his shovel touched a high powered cable.

A $14,000 settlement offered by the defendants was approved by superior court yesterday.

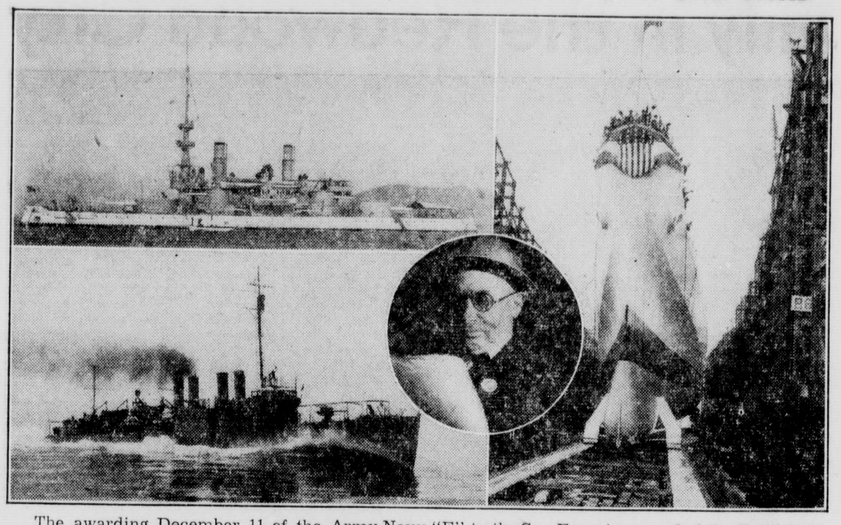
W. J. Large Estate Less Than $2500

William J. Large, Princeton hotel owner and operator of a riding academy on the Coastside, left an estate valued at less than $2500, according to a petition for letters of administration on file in superior court at Redwood City today.

Large was fatally injured in a Coastside automobile accident Nov. 8. He left no will, according to the petition.

With the petition for letters was a petition to terminate his interest in 374 acres of Coastside property, title to go to his widow, Lillie Large, as joint tenant.

THREE GENERATIONS OF WARSHIPS AT S. F. SHIPYARD



The awarding December 11 of the Army-Navy "E" to the San Francisco yard of the Bethlehem Steel Company brings to a climax the shipbuilding activities carried on at this West Coast yard for the past 60 years. Warships shown above were built here. Top left is USS Oregon, famous Spanish-American War battleship; bottom left, USS Farragut, destroyer of World War I; right, USS Oakland, sleek cruiser launched last October. Inset shows foreman of shipyard saw mill who helped build all three of these naval combat vessels during 54 years of service.

$1200 Fire Endangers Six Homes

Six homes and lives of a dozen firemen were endangered early Monday in a $1200 blaze which razed a three-room cottage at 12 Bishop Ln., Stanford Acres, it was disclosed by Fire Warden Bert L. Werder.

Stored in a garage adjoining the razed structures were 145 gallons of gasoline, the fire warden reported.

If the gasoline had exploded, he declared, nearby homes would have been caught in the blaze and the lives of the firemen and of neighbors would have been jeopardized.

investigation to determine whether or not the owners of the gasoline would be prosecuted. A San Mateo County ordinance forbids storage of gasoline without a permit.

STANFORD OCCUPANTS

The home, located in unincorporated territory near San Francisquito Creek near Stanford University, was occupied by Peter Mattei, 18, and George Balla, 20, Stanford students, the fire warden's report disclosed.

The blaze, reported at 2:14 a.m., had completely enveloped the cottage by the time firemen arrived, Werder said. Stanford University dispatched two fire trucks, Woodside Fire District one truck, and the county department at Redwood City sent two more.

Mattei and Balla fled the burning house in their pajamas, losing their personal effects, including $50 in cash, clothing and school books, in the fire.

GAS SAVED

They rolled a 1941 coupe out of the garage, then devoted their efforts to removing the gasoline to a safe distance, Werder reported. They admitted ownership of two 50-gallon drums of fuel, he said, but said the other 45 gallons, stored in 15-gallon drums, belonged to neighbors.

Handicapped by lack of water, the combined fire departments saved the garage and nearby homes. Wet weather aided neighbors and their garden hose brigade in preventing the spread of the fire, Werder reported.

Rail Traffic Increases

T. Louis Chess, Southern Pacific passenger agent, has disclosed that the first week of gasoline rationing brought an increase of some 1250 Peninsula passengers to the railroad. He stated he believed that the load had become stabilized at its present level, and said some schedule changes would be made to meet the new situation. Company officials are meeting in San Francisco this afternoon to study the schedule and to shift passenger coaches between key commuter trains to equalize accomodations.

W. H. Starling, general passenger agent for Pacific Greyhound, announced a 10 per cent traffic load increase in the bus service, and said the company, while it anticipated no further increase, was prepared for any emergency.

Starling said there had been no breakdown in service but urged Peninsulans to stay at home this Christmas to avoid overcrowding transportation facilities. Peak traffic hours, he said, are 6 to 8 a.m. and 4:30 to 6 p.m., the same as before staggered hours of employment went into effect in San Francisco.

Chess said staggered hours had assisted transportation companies, but that the effect was felt mostly by street car companies.

Congress once held a regular session in a Washington hotel. It was the first meeting after a portion of the capitol was burned by the British in 1814.

Basket making is believed to be one of the earliest human industries.

FLYING BLIND—Cadet Samuel Bretzfield of New York City takes a jump blindfolded and with hands free of reins at Valley Forge Military Academy at Wayne, Pa., where he is a student.

Estate: Seamen's Rest Home

Mills Estate at Millbrae, with its 42-room chateau, acres of wooded land, lawns, gardens, and two lakes, will become a rest home within two weeks for U. S. merchant seamen who have suffered wounds, illness or shock in war zone voyages, it was announced by the United Seamen's Service in San Francisco today.

The estate was turned over to the service for the duration by the four heirs of the family estate which was established in 1870. The heirs are Odgen Mills Reid, publisher of the New York Herald-Tribune; Lady Beatrice Graynard, wife of Earl of Granard, Ireland; Mrs. Gladys Mills Phipps, wife of H. Carnegie Phipps, and Lady Jean Templeton Ward, wife of Sir Hohn Hubart Ward of Chilton, Hungerford, England.

The chateau was built for D. O. Mills after he had become wealthy as a merchant and banker in California gold rush days. He founded the bank of D. O. Mills & Co. in Sacramento and later helped organize the Bank of California in San Francisco in 1864, serving as its first president.

Until recently the Mills Estate continued to serve the Reids as a winter home. It has been maintained by a staff.

Once the height of fashion, the furnishings of the mansion are still impressive. Part of the household goods will be placed in storage before the mansion is opened as a rest home. Furniture which formerly graced passenger ships now converted to troop transports will be substituted, the seamen's service announced.

The seamen's service is utilizing similar homes on the estates of Kermit Roosevelt at Oyster Bay, Long Island, and Mrs. C. Suydam Cutting in New Jersey. The Mills home is the first West Coast home to be utilized for merchant seamen.

Private service passenger carriers in Cuba have been ordered to curtail operations by 20 per cent to conserve tires and gasoline, according to the Department of Commerce.

The last men to leave the burial vaults of Egyptians thousands of years ago left footprints still visible in the sands of time.

Sequoia High School: Senior Ball To Feature 'White Christmas' Theme

"A White Christmas" will be the theme of the annual formal senior ball to be held in the girls' gymnasium at Sequoia High School Saturday night. Winter scenes will set the background for the dance which will feature Dick Saltzman's 12-piece orchestra, according to the committee in charge.

Dancing will start at 8:30 o'clock. A large mirror ball will adorn the center of the dance floor.

Serving on committees are Norma Hans, Nancy Duncan, Kent Wilder, Don Burke, Charlotte Gates, Marjorie Goodman, Helen Scatena, Cecilia Sanders, Dan Brandeburg, Joe Oeschger and Louena Falk.

Couples invited to chaperone for the evening are Mr. and Mrs. J. V. Nelson, Mr. and Mrs. A. C. Argo, Mr. and Mrs. Donald L. Bogie, Mr. and Mrs. W. Earl Whitaker, Mr. and Mrs. Clyde Devine, Mr. and Mrs. Kenneth L. Bowen and Mr. and Mrs. C. J. Holt.

★ ★ ★

SOCIAL ACTIVITIES

Neighborhood social activities are being planned by student and community committees at Sequoia to make it possible for students to have recreation in spite of difficult transportation problems.

Dances in San Carlos, Menlo Park, Ravenswood, and Redwood City have been scheduled for either Jan. 7 or 8. Rules for this group of dances will be the same as in a Sequoia dance, according to Miss Doris Dean, dean of girls.

Students representing San Carlos are Lois Burton, Jack Valladeo, Dan Sagehorn and Lois Grover; Menlo Park, George Angus, Helen Bettini, Joe Whelan, Ann McFaul; Ravenswood, Bob Cleese, Adrienne Vitale, Tom Payne, Yvette Condon; Redwood City, Jim Harrison, Mimi Lebo, Bill Heflin, and Yvonne Mitcheson. The student committee for recreation is made up of Sally Custer, Oliver Dibble, Winston Eschelman, Glen Smith and Marian Moore.

Advising the student committee are Miss Dean, Donald Bogie, dean of boys; A. C. Argo, principal, and Miss Lucille Winters, head of girls' physical education. Clark Robinson, principal of San Carlos elementary schools, and Arthur Shaw, director of recreation in San Carlos, are assisting. Mrs. J. F. Cuddy is chairman of a further advisory committee composed of Mrs. L. E. Payne, M. F. Potter, Mrs. R. Vitale, and Roy L. Liddicoat.

★ ★ ★

JUNIOR RED CROSS

Scrapbooks, joke books, bound stories and ash trays are among the articles being prepared for army and navy hospitals by the Sequoia Junior Red Cross, according to Miss Anne Burns, sponsor.

Cribbage boards for the entertainment of the armed forces are being made by boys in shop classes. The USO has co-operated in distributing the boards, which are made from scrap material.

Five girls from Miss Marjorie Landers' cooking class do canteen work for a three-week period to help in the war effort, and other Sequoia girls have been rolling bandages for three hours in the afternoons.

CONTROL DISCUSSED

Importance of tuberculosis control during wartime was discussed by Dr. James Greenwell of Canyon Sanitarium in the annual tuberculosis seal assembly at Sequoia.

Mrs. Ruth Close of the San Mateo Tuberculosis and Health Assn., who gave a short summary of her work in tuberculosis, provided the speaker and the movie that was shown.

Boysel Heads E.P.A. Grange

J. Ross Boysel is the new member of the East Palo Alto Grange and will be installed Jan. 5, it was announced today.

Other officers elected include F. L. Gates, overseer; Rosa Brown, lecturer; T. H. Callahan, steward; C. Whitcomb, assistant steward; D. A. McElhatton, chaplain; J. Hemsey, treasurer; Mrs. C. Whitcomb, secretary; P. Larsen, gatekeeper; Mrs. D. Jedlicka, ceres; Mrs. P. Henshall, pomona; Mrs. R. Lew, flora; Mrs. E. C. Howard, lady assistant steward; Mrs. E. T. Morinan, member of executive committe, and Mrs. H. Gurr, pianist.

On December 15 there will be a short meeting at 7:30 o'clock, followed by a Christmas progam at 8 o'clock. All Grange members are invited.

Anniversaries Commemorated

Anniversaries, the first of Pearl Harbor and the eighth of Toastmasters' Club, were commemorated at Monday's meeting of the club by a birthday cake and a program centered on "The Effects of Pearl Harbor."

Donald Bogie, district governor for San Mateo and Santa Clara Counties, outlined the progress of Toastmasters' Club since its founding in 1934 with B. E. Myers, president, and Dr. Virgil Anderson, present critic of the club, critic.

Speakers on the effects of Pearl Harbor were John Eshleman, taxation; James Hagan, finance; Louis Dematteis, the home; and Frederic Gibbs, industry.

Burlingame Survivor Surprises Parents

BURLINGAME—A Burlingame survivor of the Edward Rutledge, U. S. transport originally announced by the navy as sunk off the coast of Africa during the American Expeditionary Forces landing there, surprised his family by walking in on them unannounced and uninjured. Robert H. Whitsell of the U. S. Navy, son of Mr. and Mrs. L. O. Whitsell of Burlingame, had not told his family in advance of his homecoming and took them by surprise.

"It was the greatest thrill I ever had," Mrs. Whitsell said today. The Whitsells had not had information about their son since the navy announced the sinking of his vessel in Africa.

$25 SPENT

Chester R. Lipman, secretary-manager of the San Mateo County Fair Assn., today reported expenditures of $25 and a cash balance of $31,932.63 for the association this year in a report forwarded to state officials at Sacramento. A copy was filed with the county clerk at Redwood City The association cancelled its annual floral fiesta this year on account of the war.

S.C. Man's Kin Missing in Action

Among 26 California seamen named in a merchant marine casualty list just released by the navy department in Washington, covering the period from Oct. 22 to Nov. 21, is Charles Leo Fitzgerald, assistant engineer of San Francisco, brother of Thomas J. Fitzgerald, 665 Chestnut St., San Carlos. He is listed as missing.

Fitzgerald was last heard from by the San Carlos family in September, his sister-in-law said today. He shipped out from San Francisco in May. Fitzgerald's wife and two children, Jean Frances, 10, and Patrick Charles, 7, live in San Francisco.

Also listed as missing is James Henry Burke of San Mateo. Karl Gustave Lagergren of Palo Alto is listed as dead.

War production schedules have been set high but our whole American industrial tradition proves that they are not impossibly high, says the Department of Commerce.

The heart increases in size up to about 50 years of age, the increase being more marked in the male.

College Women May Enroll in WAACs

College women may enroll in the Women's Army Auxiliary Corps before finishing their college courses, it was announced today by the War Department in San Francisco. The War Department issued the following statement:

"Auxiliaries enrolled as basics, WAAC, who at the time of enrollment are attending college or business school may upon their request be permitted to remain on inactive status until completion of current school year or course for which enrolled, if such course be completed in less than one year."

To be enrolled under reserve status a woman between the ages of 21 and 44 without dependents must report at 444 Market St., San Francisco, pass a mental alertness test, physical examination and be interviewed by a board of officers.

Sparks caused by charges of static electricity constitute a fire and explosion hazard in a wide variety of industries, says the Department of Commerce.

The average time of the moon circuit around the earth is 2 days, 7½ hours.

Library Receives 3 Memorial Books

Miss Le Noir Dimmitt, of the library division of the University of Texas, has presented three books to the Redwood City Public Library in memory of her brother, the late Charles L. Dimmitt, city manager, it was announced today by Miss Wilhelmina Harper, city librarian.

Two of the volumes cover subjects which were Mr. Dimmitt's chief interests: Civil engineering and city managership. These books are ready for circulation and their titles are "Civil Engineering Handbook," by Leonard C. Urquhart, and "Municipal Management," by Thomas H. Reed.

The third volume, Miss Harper states, is a thrilling account of the building of the Madeira-Mamore Railroad in the wilds of Brazil, a hazardous project in which Mr. Dimmitt participated. The title is "The Jungle Route," by Frank W. Kravigny.

People in the United States are the cleanest on earth if the 1941 per capita soap consumption of 29.4 pounds is a criterion, says the Department of Commerce.

WPB ASKS FARMERS TO BRING IN SCRAP

Nelson Telegram Points Out Need For Heavy Farm Metal

WASHINGTON — The Nation's farmers will take the pole position in the stretch drive for heavy iron and steel scrap during the closing weeks of 1942, according to a telegram from WPB Chairman Donald Nelson to the editors of more than 10,000 weekly newspapers and farm publications.

Emphasizing the need for heavy scrap to strengthen the greater abundance of lighter household scrap, which flooded the country's scrap yards as a result of the recent newspaper campaign, Mr. Rosenwald called attention to the fact that, next to Industry, the agricultural areas are the best source of heavy scrap.

Already in the spotlight because of his extra efforts to increase crop production in the face of serious wartime shortages of manpower and machinery, the farmer thus assumes the added burden of supplying war materials needed in the production of ships, tanks, guns, aircraft and all kinds of mechanized equipment.

Despite the difficulties of crop production, however, farmers have taken an active part in scrap collection from the beginning, and have already made a good showing. But now that their harvests have been completed and they are free to devote a large share of their time to other activities, the Government is asking them to make an all-out effort to collect and turn in every pound of idle scrap still remaining on almost every farm, during the next few weeks.

All of the manpower and transportation facilities of local salvage committees in the rural areas will be thrown into this year-end effort of 1942, Mr. Rosenwald said. The press has been asked to give widespread publicity to the drive and to use their influence to coordinate the activities of all cooperating groups, such as the American Farm Bureau, the National Grange, the Farmer's Union, the Four-H Clubs, the Future Farmers of America, the Boy Scouts, the REA Cooperatives, the WPA, State and County Highway Departments, the Farm Equipment Dealers, the Automotive Safety Foundation, local civic and business organizations, and many others.

U.S.D.A. War Board Chairmen, County Agents, and Community Leaders, who have been among the most active in farm scrap collection in the past, are in a position to give important aid, and will be called upon to take a leading part.

Conservation Department officials point out that in many sections of the country this drive will be a race against the weather, and that no time should be lost in getting started. Winter weather will be a handicap, but unless transportation is completely paralyzed, the work of collection, it is believed will be prosecuted with the utmost vigor. "Snow, ice, rain and mud, will not stop our men on the fighting front," said Eric H. Marks, Chief of the Farm Scrap Section, "and we know it will not stop the army of farmers and volunteer workers in this drive for heavy farm scrap."

Reports coming in from every section of the country indicate that the amount of iron and steel scrap still remaining on American farms far exceeds the tonnage so far turned in. In fact, it is evident that the surface has hardly been scratched, and it is for this reason that great hopes are held out for a smashing success in the current effort.

A word of caution is voiced by the Department of Agriculture to all who participate in this drive, not to overlook the fact that usable parts should be removed from old machines and salvaged for future use. This is because farm machinery is now being rationed, and all existing farm machines must be kept in operating condition. Save the usable parts; repair every machine that can be used; scrap the rest.

Already there are signs that this will prove to be one of the most popular of civilian war efforts. Farmers know of the records set up in city drives for household scrap, and they do not intend to be beaten by their city cousins. They know that more farm scrap is what Uncle Sam wants, and they are going to see that he gets it.

Real Estate Board Re-Elects Officers

Members of the Redwood City-San Carlos Real Estate Board Tuesday re-elected officers for the coming year. Harry Hoefler starts his third consecutive term as president and Teddy Lauman starts his sixth consecutive term as secretary-treasurer.

The island of New Guinea contains 315,000 square miles.

Navy To Take Over Stanford Men's Dormitory

STANFORD — Approximately 160 Stanford men students were seeking housing facilities today after Dean of Men John Bunn's announcement Monday that the navy would take over Branner Hall to house 600 naval aviation cadets.

In his talk to men students living in dormitories, Bunn said all students must evacuate Branner Hall before leaving for the Christmas holidays as the navy expects its first contingent of 200 cadets to arrive by Jan. 7.

The 160 students displaced by the navy will be housed by "doubling up" living space in other dormitories, according to Stanley Sharp, director of men's residences.

Sharp said double decker bunks will be placed in Toyon Hall rooms to accommodate three students instead of two, and that single rooms in Sequoia and Encina Halls will be converted so two students can be accommodated.

In an effort to utilize all campus living space, students will be quartered in the dormitory guest rooms and in all approved rooms in private campus residences, he said.

Meanwhile, university officials were completing plans for accommodating the first 200 naval cadets, who will begin training at Stanford on Jan. 7. Another group of 200 will enter Stanford on Feb. 7 and the final group of 200 on Mar. 7.

The cadets will take an intensive 12-week course, and 600 cadets will always be in attendance after Mar. 7.

The university will furnish 24 classrooms and 40 faculty members for the navy school. Athletic facilities will be provided and the navy will bring its own physical education staff.

The naval cadets will receive training in technical aspects of the preflight program such as mathematics, physics, navigation, map work and engineering.

Chamber Directors Nominated

The board of directors of the Redwood City Chamber of Commerce Monday heard the nominating committee report names of nominees for 1943 directorships. Ballots may be cast at any time before the annual meeting tentatively scheduled for Jan. 13, either by mail or in person at the chamber of commerce office in the city hall, according to Secty.-Mgr. Roscoe D. Wyatt.

Holdover nominees are Ferris W. Miles, Charles Nelson and Louis F. Winkenwerder. Renominated were Neal Van Sooy, Teddy Lauman and H. C. Mitchell. New nominees are Leo Fuller, Fred Walker and Al Robertson.

The directors Monday authorized a contract to secure services of the San Francisco Better Business Bureau to combat war rackets.

The merchants' committee reported a "successful Christmas party" for the children of Redwood City. Two thousand boxes of candy and walnuts, together with apples, were given out Saturday, it was reported.

Ladies~ TAKE CARE OF YOUR APPLIANCES • CLEAN • OIL • REPAIR!

While you are getting your home ready for Christmas holidays, give your household appliances some special care. Clean them up and make them shine. It will be time and effort well spent.

It is easy to neglect this care of appliances. They work so silently and dependably on the job that it is easy to forget about their care until something goes *bingo* and stops working.

Keep your appliances working on the job. Use them for all needed services. Check them over. Tighten loose screws and nuts. Repair cords. Clean and oil regularly. Then when necessary have your appliances Duration-ized with timely repair.

SUE KNOWS HOW TO PICK A WINNER!

Lookie — Lookie COOKIES!

Youngsters love big, soft, puffy, drop cookies—especially with milk after school. And chances are oldsters go for them, too—any size, shape or kind.

Cookies pack easily in lunch boxes, are delightful to serve when guests drop in, and are tasty for just plain munching. They're good for you, too. So how's your cookie supply? We think the two recipes given below are tempties—real wartime specials and treats for your favorite cookie jar. Why not try them today.

PRALINE BUTTER PUFFS

(They magically disappear)

1½ cups flour
¼ cup brown sugar, firmly packed
¼ teaspoon salt
½ cup butter
½ cup white sugar
½ cup finely chopped pecan or walnut meats
Powdered sugar

Sift flour, measure and sift again with brown sugar and salt. Cream butter and add flour mixture gradually, creaming after each addition. Melt white sugar in heavy frying pan, heating until golden brown, stirring constantly. Add nut meats and pour into well-greased drip pan (9x12½x2). When hard, crush fine with rolling pin. Add to cookie dough, mixing thoroughly. Form dough into small balls. Bake in moderately hot oven (400° F.) for 15 minutes or until done. Remove from oven, cool slightly about 3 minutes, roll in generous amount of powdered sugar. When cold roll again in powdered sugar. Makes 3 dozen cookies, ¾-inch in diameter.

JEWEL BARS

(Cookie jar gems)

2 cups flour
1 tsp. baking powder
1 tsp. cinnamon
1½ cups finely cut gum drops
4 eggs
2 cups brown sugar, firmly packed
½ cup chopped walnut meats

Sift flour and measure. Sift again with baking powder and cinnamon. Sprinkle dry ingredients over gum drops. Beat eggs until light; add brown sugar and mix well. Stir in flour and gum drop mixture and add nut meats. Bake in two well-greased shallow square pans (8x8x2) in moderate oven (350° F.) for about 20 minutes or until done. Cut in bars (1x3 inches) while hot. Cool. Remove from pan and roll in powdered sugar. Makes 3 dozen cookies.

IDEAS FOR CHRISTMAS

Simple ideas for effective holiday decorating and easy-to-prepare refreshments for Yuletide callers are explained in detail in this week's Family Circle Magazine. A new issue out every Thursday and *free* at Safeway.

Safeway Homemakers' Bureau
JULIA LEE WRIGHT, Director

Meat for Victory

Your Government has requested that you and your family eat no more than 2½ pounds of meat per person weekly. Let's all cooperate. Buy no more than your family's share . . . *for Victory.*

SAFEWAY

Prices in this ad effective Tuesday, Wednesday, Thursday, Friday and Saturday, December 8, 9, 10, 11, 12 in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward, and other cities and towns in San Mateo, Alameda, and Contra Costa Counties.
